## Show and Tell!

When your teacher tells you that 'Show and Tell' is on, you can create a post (instead of just typing a comment on a teacher's post) to tell or show us something that you have done this week. Just like at school, it could be about your learning or about another achievement. It should be something you have achieved rather than images of something that belongs to you. If you want to take part, follow these simple steps...

1. Click "Share something with your class" to create a new post.

I tried to use my favourite colour mostly (which is green) and when I did this task it took my mind off the news. I hope you like it what do you think? Cancel Post Google Drive Link

You don't have to take part, but it would be nice to see what everyone is proud of this week.
